

Designed with two main wings around dual outdoor living spaces, this home's design is well thought out. All bedrooms are positioned for morning sun. The master also enjoys a shared outdoor space. The open plan living room has the option of a pitched ceiling and this space flows out to both morning and evening outdoor living areas. Classic and functional are the two main elements that make this a great choice!

Floor Area: 167m²  2  3  2  1  17.9m  13.3m
